Residential Dementia Care

The Margaret T. Morris Center

Northern Arizona's only assisted living community dedicated solely to caring for those with Alzheimer's disease and dementia.

Since 1999, the **Margaret T. Morris Center** has served people living with Alzheimer's disease and other forms of dementia. As the community's leader in dementia care, we take pride in our unparalleled care and programming, unique building design, non-profit management status, and longevity of staff.

Our residents and families have an exceptional experience through our:

- **Award-winning therapeutic garden featuring one acre of heirloom apple and plum trees, plants that draw hummingbirds and butterflies, a koi pond, and children's play area—an amazing sensory experience!**
- **Friendly neighborhood-style building design that positively affects everyday living. Bedrooms open out to a home-like living room and dining room area, without long lonely hallways. Residents are seen and see others, having their social needs met and helping to alleviate isolation and depression.**
- **Expert dementia care and open communication from on-site Master's level registered nurse (MS-RN) and Medical Director at all levels of care, early stages through end-of-life.**
- **Compassionate personal care by caregivers certified through the Arizona Board of Nursing Care Institution Administrators and Assisted Living Managers, in conjunction with the Arizona Department of Health Services with additional and on-going dementia care training.**
- **Stimulating full life enrichment program that honors residents' past and encourages current abilities and preferences, including music therapy and horticultural programming.**
- **Additional on-site support such as: full service beauty/barber salon, Foot Angels and vision and dental programs.**

The Margaret T. Morris Center's passionate and loving care team supports each resident and family through their own very personal and unique journey.
