Quality Care

Caregiving can be challenging and it is our privilege to partner with you to provide excellent loving care. Family members experience peace of mind knowing their loved ones are safe and receiving exceptional care. And family members are able to enjoy much-needed time away from the caregiving role.

If you are considering assisted living options for your loved one, SJRC can be a next best step to keep them thriving at home longer.

Funding options are available through the Veteran's Administration, Area Agency on Aging; NACOG, Arizona Long Term Care System (ALTCS), Arizona Caregiver Coalition, GUIDE program, long term care insurance and private pay. Scholarship and grant funding options may be available.

The Susan J. Rheem Adult Day Center is licensed through the Arizona Department of Health Services.
